

CHESTER COUNTY CHAMBER
of Business & Industry
- Chamber of Influence -

2ND ANNUAL EXECUTIVE WELCOME BREAKFAST

We invite you to our 2nd Annual *Executive Welcome Breakfast*. The objective of this event is to bring together newly appointed executives from corporations across our County. Along with welcoming them to Chester County, the event includes introductions to leaders from County government, education, tourism, nonprofits, and our own Board of Directors to expand networks and increase knowledge of the County.

Executive Orientation class of 2015 at West

Last year's host, Eric M. Green,
President and CEO, West

"I was impressed by the good work that the Chester County Chamber is doing to advocate for businesses in our region. West is committed to supporting the communities in which our employees work and live, and this event was a very useful opportunity to connect with local business and community leaders who share this same objective."

Event Information
